		OTTITED THITODON					
Basi	Basic Specification						
60	1 x Pre-Owned ESE 6 RD 6000 Suction Excavator fitted with Breaker Bo Mounted on a Mercedes-Benz Arocs 5 3351L 8x4x4 Chassis Cab RHD	pom 1 pc					
	Technical Details - Mileage and Fan/Compressor Hours correct as at 29.02.2024						
	Year of Manufacture	. 2021					
	Fuel Tank Capacity1 x 300 litre / 1 x 250 litre						
	Present Mileage						
	Fan Hours453:22:05						
	Compressor Hours239:22:36						
PRIC	ING SUMMARY						
1 x F	re-Owned ESE 6 RD 6000 Suction Excavator fitted with Breaker Boom	£425,000.00 + VAT					
Mou	nted on a Mercedes-Benz Arocs 5 3351L 8x4x4 Chassis Cab RHD						

Α	Suction Capacities	
A210	High Performance (DV2) Twin Fan Qmax = 42,000 m³/hr, Pmax = 40,000 Pa, optimized version	1 pc
В	Separation System	
B006	RSP Separation System	Included
B016	Fine Filter Unit with automated compressed air cleaning system	Included
B066	6m³ Container including abrasion protection inside and stainless steel drip edge. Tipping to the right side when viewed from the rear.	Included
С	Hose Carrier	
C406	Articulated Suction Hose Carrier 6000, swivel motor Range 6,000 mm Slewing range 180 degrees Fitted to the left side when viewed from the rear Including 2 LED work lights mounted on the hose carrier	1 pc
D	Working Area	
D010	Suction nozzle holder L = 1,230 mm, D = 250 mm	1 pc
D210	PE Suction Nozzle (non-conductive) L = 1,230 mm, D = 250mm (RSP Clamping System)	1 pc
D320	PE Reducing Suction Nozzle (non-conductive) L = 1,360 mm, D = 250/130 mm (RSP Clamping System)	1 pc
D410	PU Suction Hose Extension with steel coupling L = 2,200 mm, D = 250 mm	1 pc
E	Hydraulic System	
E000	Hydraulic system for energy-efficient use	Included
	•	
E100	Ultra fine bypass filter in the return line	1 pc

CA11RSP Page 1 of 3

_	Du compatio Contam	
F	Pneumatic System	
F000	Air connections on the back for oiled and non-oiled pressurised air	Included
F200	Air Compressor Qmax = 4,5 m³/min Pmax = 7 bar radio remote controlled	1 pc
F400	Stainless steel hose reel with spring return including an 8m hose, 19mm diameter	2 pc
Н	Control System	
H000	Entire superstructure is controlled by PLC Display including constant monitoring system showing machine data	Included
H020	Remote control unit that operates superstructure functions including spare transmitter, battery and battery charger	Included
H030	RSP Telematics system for monitoring of superstructure data	Included
H040	Programme adjustment to move the articulated suction hose carrier in two stages (slow/fast), switchable at the rear of the vehicle	Included
ı	Additional Equipment	
1000	Exhaust air silencer frequency optimised for RSP Suction Excavators to reduce noise levels	Included
1016	Two lockable storage compartments made from stainless-steel and mounted on the offside of the vehicle	Included
1020	Safety equipment (PPE)	Included
1030	Electrical Spare Parts Kit	Included
K	Safety Equipment / Industrial Equipment	
K000	Emergency stop button with large mushroom head	Included
K010	Stabiliser leg support sensor system including visual and audible warning system in the driver's cab	Included
K020		
	Airflow gate for DV2 Twin Fan	Included
K030	Airflow gate for DV2 Twin Fan Central lubrication system for the DV2 Twin Fan	Included Included
K030 K330	-	
	Central lubrication system for the DV2 Twin Fan	Included
K330	Central lubrication system for the DV2 Twin Fan Additional emergency stop button mushroom head	Included 3 pc
K330 K510	Central lubrication system for the DV2 Twin Fan Additional emergency stop button mushroom head Optical signal in cab display for axle load measuring device of chassis	Included 3 pc 1 pc
K330 K510 K630	Central lubrication system for the DV2 Twin Fan Additional emergency stop button mushroom head Optical signal in cab display for axle load measuring device of chassis 6kg dry powder hand operated fire extinguisher with protective cabinet Additional stabiliser leg at the rear operated via remote control, not available	Included 3 pc 1 pc 1 pc
K330 K510 K630 K906	Central lubrication system for the DV2 Twin Fan Additional emergency stop button mushroom head Optical signal in cab display for axle load measuring device of chassis 6kg dry powder hand operated fire extinguisher with protective cabinet Additional stabiliser leg at the rear operated via remote control, not available with hydraulic slewing cylinder	Included 3 pc 1 pc 1 pc 1 pc
K330 K510 K630 K906	Central lubrication system for the DV2 Twin Fan Additional emergency stop button mushroom head Optical signal in cab display for axle load measuring device of chassis 6kg dry powder hand operated fire extinguisher with protective cabinet Additional stabiliser leg at the rear operated via remote control, not available with hydraulic slewing cylinder Rear ladder and grab handles	Included 3 pc 1 pc 1 pc 1 pc
K330 K510 K630 K906	Central lubrication system for the DV2 Twin Fan Additional emergency stop button mushroom head Optical signal in cab display for axle load measuring device of chassis 6kg dry powder hand operated fire extinguisher with protective cabinet Additional stabiliser leg at the rear operated via remote control, not available with hydraulic slewing cylinder Rear ladder and grab handles Illuminating Equipment / Warning Devices	Included 3 pc 1 pc 1 pc 1 pc 1 pc
K330 K510 K630 K906 RSP L	Central lubrication system for the DV2 Twin Fan Additional emergency stop button mushroom head Optical signal in cab display for axle load measuring device of chassis 6kg dry powder hand operated fire extinguisher with protective cabinet Additional stabiliser leg at the rear operated via remote control, not available with hydraulic slewing cylinder Rear ladder and grab handles Illuminating Equipment / Warning Devices LED flashing beacon mounted at the rear of the vehicle	Included 3 pc 1 pc 1 pc 1 pc 1 pc Included
K330 K510 K630 K906 RSP L	Central lubrication system for the DV2 Twin Fan Additional emergency stop button mushroom head Optical signal in cab display for axle load measuring device of chassis 6kg dry powder hand operated fire extinguisher with protective cabinet Additional stabiliser leg at the rear operated via remote control, not available with hydraulic slewing cylinder Rear ladder and grab handles Illuminating Equipment / Warning Devices LED flashing beacon mounted at the rear of the vehicle LED Work lamp mounted at the rear of the vehicle	Included 3 pc 1 pc 1 pc 1 pc 1 pc Included Included
K330 K510 K630 K906 RSP L L000 L010 L020	Central lubrication system for the DV2 Twin Fan Additional emergency stop button mushroom head Optical signal in cab display for axle load measuring device of chassis 6kg dry powder hand operated fire extinguisher with protective cabinet Additional stabiliser leg at the rear operated via remote control, not available with hydraulic slewing cylinder Rear ladder and grab handles Illuminating Equipment / Warning Devices LED flashing beacon mounted at the rear of the vehicle LED Work lamp mounted at the rear of the vehicle LED Marker lights positioned on the lid	Included 3 pc 1 pc 1 pc 1 pc 1 pc Included Included
